HOLSTEIN USA REGIONAL REPS

DENNIS DEVORE

(319)-270-5038

ddevore@holstein.com

FROM THE PRESIDENT: RANDY GROSS

Randy Gross
MHA Board President

Greetings MHA membership and friends, while it is late January as I write this, thoughts of spring are on my mind, and as we move into the later stages of winter and the earliest part of spring, there are a number of MHA activities on deck. Approaching quickly is the popular Breeder's Seminar offered at a variety of locations from January 31 through February 3. This year's featured speaker is Jordan Siemers of Siemers Holsteins and Select Sires.

The next event for members to participate in will be the All-Breeds Convention at Treasure Island Resort & Casino in Red Wing, MN. We are a membership organization, so all members are invited, and I encourage you to attend the convention, as this is where the business of our annual meeting takes place.

The Minnesota Junior Holstein Association is also busy planning for their convention to be held March 17 to 19 at the Empire Event Center in Rochester, MN. This a great opportunity for kids with an interest in dairy to not only participate in convention activities, be recognized for awards, and compete in dairy quiz bowl, but also to make potentially lifelong connections and friendships.

Our sale committee is planning another online sale for this spring. The date for the sale is April 22, but consignment information needs to be provided to the sale committee by March 24. This provides time to be included in the catalog and online promotions. So if you have one or several Registered Holsteins that you're interested in marketing, don't hesitate to contact anyone on the sale committee.

While summer seems far away when everything is covered in snow and ice, please keep in mind that our state Holstein show is in Hutchinson, MN, this year with dates of June 27 to July 1. Field Day will be hosted by the Nelson family of Olmar Farms in Sleepy Eye, MN, on July 29. For all MHA activities and award deadlines, please check out the MHA website.

National Holstein Convention will be held in Lexington, KY, this year, and our region six national director, Spencer Hackett, is running for re-election. Your MHA board of directors has fully endorsed his candidacy, and I urge those of you elected as delegates to do so as well. Spencer has been a strong voice for our membership on the national stage.

The Marketing Manager position at MHA is being very capably filled by our recent MHA intern Hailey Frericks. With her experience as a member and leader of Minnesota Jr. Association and multifaceted involvement with the national convention last summer, Hailey has really been able to "hit the ground running," and we are very happy to have her as part of the MHA team.

In closing, I would like to encourage participation at our upcoming MHA events this spring. As always, if you have any questions or concerns regarding your association, please feel free to contact me at (605) 864- 1422 or randy-ashgrove@itctel.com.

Sincerely, Randy K. Gross

MINNESOTA HOLSTEIN NEWS is published four times each year (March, June, September and December).

Subscription rate is \$25.00 and includes four issues of the Minnesota Holstein News. Circulation: 700.

Postmaster: Send address changes to MINNESOTA HOLSTEIN NEWS, P.O. Box 475 Plainview, MN 55964.

Phone: (320)-259-0637 | Email: minnesotaholstein@gmail.com | Website: www.mnholstein.com

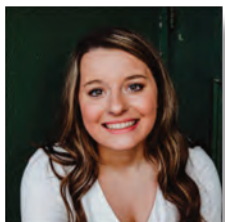

When changing your subscriptions to a new address please give the old address and zip code as well as the new. Closing date for advertising and editorial information is the 1st of the month preceding issue month. Advertising rates available upon request. This publication has been carefully edited; however the Minnesota Holstein Association does not assume any liability for errors and does not accept responsibility for the animals, products and services advertised.

From the Minnesota Holstein Staff

Amanda Bedtke
Business Manager

Hailey Frericks
Marketing Manager

Greetings from the MHA office!

We hope this publication reaches you and your family in good health and happiness in the New Year. Your MHA staff look forward to helping plan and prepare for an incredible 2023 filled with many opportunities to connect with each of you.

First up, the 2023 All-Breeds Convention will be here before we know it. We look forward to a great convention hosted by the Minnesota PDCA and Minnesota Ayrshire's Breeder's Association in Red Wing, MN. As a reminder, the Minnesota Holstein annual meeting will take place on Saturday, March 4 at 8 AM. See you there!

Preparations are taking place for the 2023 State Show being held June 27 through July 1, in Hutchinson, MN. We are grateful for all of the planning the McLeod County Holstein Association has done and look forward to a wonderful event. Entries for the Red & White, Junior, and Open shows will be accepted on FairEntry beginning May 15, 2023. Please note that the deadline to register is June 14, 2023, to

avoid late fees. See our website for further details.

We are looking forward to the 2023 MHA Spring Online Sale taking on Cowbuyer April 22. Be the last to bid on top-notch lots offered!

A friendly reminder that all membership renewals should be completed by April 1, 2023. If you have any questions about your membership, please reach out to the office. Amanda is happy to help.

As you may have noticed, Hailey Frericks has joined our staff as the Marketing Manager. After a successful summer as an intern, she is excited to continue to promote the membership and work with members, and we are thrilled to have her.

Please don't hesitate to contact us with any questions. We love hearing from you! Amanda can be reached at minnesotaholstein@gmail.com or by phone at (320)-259-0637. Hailey can be reached at mnholsteinmarketing@gmail.com or by phone at (320) 249-2341.

-Amanda and Hailey, MHA Staff

HOLSTEIN OF THE YEAR CONTEST

Do you have a special Registered Holstein that is a favorite in your herd? Maybe she is an up-and-coming genomic all-star, or maybe she has an outstanding production record. How about a cow that is sure to excel in the show ring? This is your chance to promote her! You could win a free half-page ad in the June 2023

Minnesota Holstein News along with the title of Minnesota's Holstein of the Year.

RULES AND REGULATIONS

- The contest is open to all Minnesota Holstein members, and any living or dead female is eligible.
- Nominations must be received by March 1, 2023.
- Nominations will be voted on by the membership via online voting and in person voting at the All Breed's Convention.
- Winners will be announced during the annual meeting.
- Link to Application: <https://bit.ly/3kkok2q>

THANK YOU!

MEET YOUR MINNESOTA DJM APPLICANT:

One of the great people I've had the chance to connect with, Sherry Newell, once told me "Be flexible." It is funny to me how such a simple quote and idea has become a mantra for me not only in the show ring, but also in my professional career so far. There are always times in life when my direction gets rocky, but I always think back to what she was trying to tell me that day. "Be flexible" isn't about being something that you can't be, but it is about how there are opportunities to make any situation better for you and others.

My name is Jacob Schaefer, and I am the son of Tracy Schaefer and Karla Smieja. Growing up, I spent most of my days in the barn on our farm outside of Little Falls, MN following my dad around as he milked, cleaned, and did skid loader chores around the farm. I even went to my first cow show (the Olmsted County Fair) at only a couple of days old, where I got my first taste of showing that has become such a big part of my life. I saw a lot of great cows come through our 50-cow tie-stall barn before my parents' divorce, and I wish I had been old enough to truly appreciate that. From the likes of TJ-Pollema Redliner Shania-Red EX-95-4E to Silvermine Advent Tally EX-93-2E, I got to work with great cows every day, but my view of the industry changed forever when SL-Acres Absolute Jana-Red was born.

Jana was out of my "J" family that was my first cow family that I ever owned, and as she was my baby born during a summer off in middle school, she was spoiled more than her predecessors. For the first time, I looked forward to showing "my own" animal in the ring that very next summer which meant a lot of long nights walking her after chores. Around that same time, I remember my mom saying to my brother, Quentin, and I: "Everything has a price, all of our animals have to have a price." My mom was big on the fact that we can't completely outvalue our love for our cows, and if an offer comes in, we must consider it. In the summer of 2015, Jana would become my ultimate test when she went on to become the Reserve Jr. Champion of the Red & White State Show and Jr. Champion of the Red & White Junior State Show as a summer yearling. Jana ended up getting sold to a farm in Pennsylvania, but she ended up funding my show string for the next few years. I will be honest it was very hard to say goodbye to my first animal so soon, but I believe it was one of my

first steps in my journey of being flexible.

Flexibility became my thing by chance, and it does not make certain decisions any easier. I learned early through my parent's divorce and selling Jana that being flexible made my life easier in many ways. I had to be flexible with my time by balancing spending time with both of my parents, and I had to be flexible with my energy as I tried to help both parents with chores on their respective farms. I had to be flexible with visiting my family or going to cow shows during the summer, and I had to be flexible with doing homework on the go or doing more work in the industry to gain experience. Being flexible is something that took me a long time to be okay with, and there were points where I felt like I was only compromising and not gaining anything. I continue to make steps toward being okay with every decision I make.

In high school, flexibility came in ways of learning and listening. Learning in different ways became a skill to master due to tougher and specialized classes that I began to take. I learned through a multimedia class that I have natural skills in online design and computer programs, but I also expanded on these skills while learning in different ways for different programs. I had to start listening to outsiders trying to help me, but I also had to listen to myself. Now I can use those new ways to learn and listen by applying them to similar principals in college classes, personal promotion of my animals, and caretaking of my animals. Learning and listening go hand in hand which is why it is not surprising for me that I made major changes to both around the same time.

Big issues and flexibility could be used as a title slide for the year of 2020, and I can say that from a very raw first-person point of view. I was one of the people that believed at first that we would only be out of school for a couple days when the COVID-19 pandemic hit, but that became less possible as time went by. I was one of the people that believed at first that we would only be out of school for a couple days when the COVID-19 pandemic hit, but that became less possible as time went by. As a senior in high school at the time, I had to be positive, and I had to believe that everything would get better before graduation. Again, this would not come true, but my classmates and I remained flexible in any way to have any normalcy on our graduation day. It is still hard to

believe how much we had to miss during the pandemic and how many memories we lost. The year of 2020 struck the world with huge changes as being flexible became the only option for everyone. Masks and social distancing slowly became required which meant that graduation, cow shows, and a lifelong goal of getting on the Minnesota Junior Holstein Board were difficult to achieve. A parade was done for graduation rather than a commencement. World Dairy Expo was cancelled which sent us to Utah to exhibit at a national show. Applying and voting for MJHA had to be done online. We put new strategies together that year to allow everything to happen, although it may have been very different from what was originally intended. Flexibility always resulted in good.

Some of the positive memories, connections, and skills I have today were direct results of the flexibility that I had during that year. Going to the Utah national show was not in the plans at all, but we decided to go for it. As a result, I keep in contact with many of the people I met on that trip as friends and mentors, but flexibility showed itself not only in the choice to take the 20-hour journey but also in our decisions along the way. There was no plan to blow two tires in rural areas of North Dakota and Montana, and there was no plan to be five hours behind schedule at each of our stops. Looking back on those things now makes me realize that what I got out of that trip was way more important than what we put in. Flexibility can mean taking loss and turning it into gain.

A large part of what keeps me going while I'm away at college the last few years is that I can bring my knowledge back and use it to better the life of my spoiled animals at home. It hurts some days being far away from the animals, but I turn that feeling of loss to push me to gain more from school. One of my spoiled babies that makes me miss home is King-Lane Abs Always-Red-ET Ex-93 or "Abby," because she has helped me grow up. The days away make the days in the show ring with her feel so much sweeter. I have never been prouder of any of my cows than her, and I just got the news that she was named Junior All-American R&W Aged Cow. Words cannot describe the raw emotions that I feel right now. Abby has also taught me many lessons about owning cattle, especially that life may not always work out in my favor and some things come way harder than they should. Abby continues to show me the value in being flexible.

Pushing myself to be flexible in college has given me amazing opportunities through jobs and networking. I have spent a lot of time trying to figure out how I can make all the small activities fit into my calendar, but it has paid off in ways I couldn't have guessed. During the summer of 2021, I worked for Ash Grove Dairy, a 1200-cow Holstein dairy, outside of Lake Benton, MN, as a catch-all dairy intern. I spent different weeks of that summer specializing in things from calf care to herd checks to dry-offs and everything in between, but I was called on that summer to take a major step into an overnight maternity role for two separate weeks due to being short staffed at that position. Coming from a small dairy farm with little dairy experience, on a farm that size, I was hesitant at first, but I told myself to be flexible. I ended up learning a lot from the experience about critical thinking, observation, and procedures. Without those experiences, I was less likely to get my foot inside the door at a global business like DeLaval the next summer.

DeLaval gave me a great opportunity when they selected me to become one of their first corporate interns during the

summer of 2022. I spent that summer in a market analysis role with main focuses on a total cost analysis for the new E-500 Rotary System and a market surveying project in areas of northern Nevada and California. These two projects allowed me to work on my skills in Excel, learn about parts and supply chain, and meet a lot of industry people from all sides. I had the opportunity to meet hundreds of employees that I wouldn't have otherwise met due to a large gathering planned as a regrouping of the company after years of being separated by the pandemic in some way. It is hard to fathom how something that caused such a rift in my life also allowed me a bigger opportunity to network than I could've ever had otherwise.

Both projects I worked on brought a lot of unexpected twists and turns that required flexibility. The Total Cost project brought fun software and computer problems that would often set us backwards a few steps, but the project still got done with the flexibility of an elongated timeline. The market surveying project meant I had to be flexible on meeting times with farmers as well as creative in my questioning to get the most out of the visit. My flexibility almost came to a head when the ending of my internship took yet another unexpected turn when I tested positive for COVID two days before my final presentation date. Working through the situation, I ended up staying in Chicago for a couple extra days until I could fly home. I finished by doing my presentation via zoom once all required parties had another opening to listen.

The team I worked with at DeLaval was very receptive of my work with the Minnesota Junior Holstein Association that led to me helping organize and run the junior side of the National Holstein Convention in Sioux Falls, SD, in 2022 as well. Never having been to a National Holstein Convention before, I didn't know quite what to expect, but I made sure to do anything I could to make the convention a success. It was my first time going to convention, and I had to help organize events. At times, it was a lot to balance during the week. My previous two years on the junior board as president and historian gave me the skills I needed to help with convention in any capacity.

My duties at National Convention consisted of Junior Registration Chair, Welcome Night Co-chair, Junior Mixer Co-chair, and more. These duties kept me busy most of the week, but when I wasn't helping with those events, I was helping get decorations for other events set up or even running a door for a Quiz Bowl room. All in all the week gave me a very bare bones look at how a convention of that size is run, and we were all very happy with how the week turned out. A lot of people don't realize that a convention of that size takes more than a year to organize and get funding for, but I learned so much from the experience. I again had to be flexible to truly appreciate the value of the skills and connections that are made through the process.

I will always remind myself how being flexible can take so many different forms. Flexibility does not make the decision easier, but the outcome can be better than ever desired. Flexibility means learning and listening in new and important ways. Flexibility may be the only option but being flexible gives me more options. Flexibility can always result in good and positive outcomes. Flexibility can make a good employee into a great employee. Lastly, flexibility makes me appreciate the process and the results in a much larger capacity. For those reasons, I will always remember to "Be flexible."

- Wrote by Jacob Schaefer

2023 MINNESOTA STATE HOLSTEIN SHOW

Saturday, July 1, 2023 • Hutchinson, Minnesota • Judge: Chad Ryan

ENTRY:

1. State show entry fee - \$20 entry fee per animal to be paid online via FairEntry. NO REFUNDS.
2. There will be no reserved stall fee and cattle will be stalled prior to arrival.
3. State show entries must be received by June 14th, 2023. Entries received after the deadline will be assessed a \$50 per animal fee. Entries received after June 26 will be \$100. Substitutions will be permitted.
4. All identification papers must be presented and identified in the exhibitor's name, except papers presented with a signed transfer and fees attached. Transfers and fees will be collected and sent to the Holstein Association USA. No calls will be made to verify ownership. Animals that are going on to other shows will be verified with Holstein Association USA. If these transfers are not recorded there within 90 days of our state show, the exhibitor(s) will be ineligible to show at a Minnesota Holstein sponsored district or state show for the following calendar year.
8. Exhibitors to the state show must sign the vaccination verification which indicates that all animals he/she is exhibiting have been vaccinated for LEPTO, IBR and BVD within six months of the show.
10. A rosette ribbon to the top dollar value production winner will be presented in classes 13-18. **Exhibitors, who wish to be recognized for production, must send in all production information at time of entry.** From there the records will be officially verified by DHIA. Any records sent in after the entry deadline will not be eligible for receiving production recognition.
12. Premier Breeders (Bred and Owned) the owner of the dam at the time of service shall be considered the breeder of the animal. Where a herd is registered in the names of different members of a family and where the herd is one unit, all entries may be considered as exhibits of one breeder. Please Note: To qualify for Bred & Owned Awards, one of the original owners must be listed as one of the current owners. **Also, you must be a member of the Minnesota Holstein Association and live in either Minnesota or South Dakota.**

STATE SHOW OPEN CLASS SCHEDULE

Show begins at 8 a.m. on Saturday, July 1, 2023. Classes will enter the ring from youngest to oldest.

Animals must be in place and checked in 24 hours prior to the start of their respective show.

A 6-stall flat parlor is available for exhibitor use throughout the event. Dump buckets will be provided and collected for those milking on their pack.

2023 MINNESOTA JUNIOR HOLSTEIN SHOW

Friday, June 30, 2023 • Hutchinson, Minnesota • Judge: Kaleb Kruse

JUNIOR RULES AND REGULATIONS

The show will begin at 8:00 a.m. on Friday, June 30, 2022.

All entries must be in place and checked in 24 hours prior to the show.

1. Exhibitors must be a minimum of nine years old to participate, but not have reached their 21st birthday by January 1 in the year competing. Members who become 21 years of age during the current year will be allowed to compete in Junior activities until December 31st of the current year and not beyond that time.
2. All junior members will show under Minnesota Junior Holstein Association rules and animals must be shown by the owner except in extreme situations and then approved by the junior show committee a week prior to the show.
3. A junior member is a boy or girl with a paid membership in the Minnesota Junior Holstein Association.
4. Any animal shown at the Minnesota State Junior Holstein Show with the immediate family's prefix does not need the exhibitors name on the paper. (Immediate family means parents and children). *This rule only applies for the MN Jr. State Show. National rules state that animals must be in the junior's name(s) by July 15 of the current year.
6. Entry blanks MUST be filled in completely as to class, birth date, name, and registration number of the animal, as well as both the sire and dam. **Entry forms and fees are due June 14th, 2023.**
7. Health Certificates: The State of Minnesota Board of Animal Health has made the decision not to require a brucellosis test on exhibition cattle.
8. The MN Junior State Show will start at 8:00 a.m. on June 17. The first class will be Class 22-J, then Class 10-J through 18-J, then Class 1-J through 7-J ending with Class 23-J and Class 24-J.
9. Novice Class: Novice Calves may be from class 1-J, 2-J and 3-J. The calf may be shown in another class but the novice show person may not show in another class. Please remember to keep the size of the calf appropriate for the youth's ability. Ownership rules do not apply to novice class show person. The animals will NOT be placed and all youth will receive the same award.
10. All junior exhibitors are subject to the Code of Conduct Rules. Show people if possible should wear white pants and a white T-shirt or clean clothes.

ENTRY FEE

Entry fee for the Minnesota Junior Holstein Show is \$5 per head. If you would like to participate in both the open and junior show, both fees need to be paid, and you need to mark your entry forms as such. The fee is per head therefore you do not need to pay \$5 for a novice calf if the calf is already being exhibited in a different class. Checks can be made out to MJHA. Only one animal per class will be cataloged. Substitutes can be made at the show.

JUNIOR BRED AND OWNED

Junior Bred and Owned Class are based off the National Rules. To be eligible for Junior Bred and Owned, the name(s) listed as breeder and owner on the registration certification must be the same. Adult-Junior partnerships are not acceptable. Family unit or farm partnership will not qualify for Bred and Owned unless all partners are Junior members and listed on the certificate under breeder and owner.

TRANSFERS

A reminder to all juniors to get your junior state show animals transferred or registered now. Under the new rule of Holstein Association USA, the transfer application now must be received by the Holstein Association by July 15 for both cows and heifers. However, *animals shown in the Minnesota State Junior Holstein Show must be transferred into the exhibitor's name by May 31, 2023.*

- If papers are late coming, it is the exhibitor's responsibility to call Holstein Association USA so they have the papers in hand on the day of the show.

- There will be absolutely no transfer or registration applications accepted for junior show animals and there will be no phone calls or other such inquiries made to Holstein Association USA on junior animals.

4-H LEASE ACCEPTANCE

The Minnesota Junior Holstein Association will be accepting 4-H leases for the MJHA State Show. To enter a leased animal, you need to submit a copy of the registration paper and a copy of your lease affidavit that has been stamped by your extension office.

SHOW CLASSES

Birthdates for the following classes will correspond to the open class birthdates. An animal cannot be shown in both the 150,000 lb. class and the aged cow class.

- Class 22-J: Novice Calf
- Class 1-J: Spring Heifer Calf
- Class 2-J: Winter Heifer Calf

- Class 6-J: Winter Yearling Heifer
- Class 7-J: Fall Yearling Heifer

Junior Champion Female Reserve Junior Champion Female

- Class 10-J: Summer Junior 2-Year Old in Milk
- Class 11-J: Junior 2-Year Old in Milk
- Class 12-J: Senior 2-Year Old in Milk
- Class 13-J: Junior 3-Year Old in Milk
- Class 14-J: Senior 3-Year Old in Milk

Intermediate Champion Female Reserve Intermediate Champion Female

- Class 15-J: 4-Year Old in Milk
- Class 16-J: 5-Year Old in Milk
- Class 17-J: 6 Year Old and Older in Milk
- Class 18-J: 150,000 lb. Cow

Lifetime production must be verified by a statement from exhibitors local testing supervisor or state dairy extension office. Statement must accompany animal to show. Only DHIA or official milk production records will be accepted.

Best Udder of Show Best Bred & Owned Senior Champion Female Reserve Senior Champion Female Grand Champion Female Reserve Grand Champion Female

- Class 23-J: Junior Showmanship - exhibitors that are between the ages of 9-12 as of Jan. 1 2023.
- Class 24-J: Intermediate Showmanship - exhibitors that are between the ages of 13-16 as of Jan. 1 2023.
- Class 25-J: Senior Showmanship - exhibitors that are between the ages of 17-21 as of Jan. 1 2023.

2023 MINNESOTA STATE RED AND WHITE SHOW

Thursday, June 29, 2023 • Hutchinson, Minnesota • Judge: Roger Turner

The show will begin at 9:00 a.m. on Thursday, June 29, 2022. State show entries must be received by June, 14, 2023. Entries received after the deadline will be assessed a \$50 per animal fee. Entries received after June 26 will be \$100. Substitutions will be permitted. Registration entries will be completed on FairEntry.com. Please take note of the vaccination information below. Junior show classes consist of all female classes except Best Udder of Show. All animals must be in place and checked in 24 hours prior to the start of the show. **We will be following RWDCA show rules.**

For questions regarding the **Red and White Show**, feel free to call Karla Smieja at (320) 339-5684.

SHOW CLASSES

REGISTER AND PAY ONLINE FOR STATE SHOW IN 2023!

We are excited to share that you will be able to sign up for classes, upload your registration papers and pay online for the Junior, Open and Red and White Minnesota State Holstein Shows this year. Save yourself the postage and hassle of printing out registration papers by submitting your state show registration online.

Online registration will open in March at the link below:

minnesotaholstein.fairentry.com

First you will create a fair entry account, and then click “begin registration.” We will share more information and step-by-step guides once our registration page is live.

If you have any questions about how to register online, you can contact the MHA Staff:

THE NEXT CHAPTER IN THIS STORY IS GOING TO BE EXCITING. WE CAN'T WAIT TO SEE THE END!

THE SUCCESS CONTINUES!

Dairy cattle judging is strong at the University of Minnesota,

so strong that its teams have placed 1st overall in 12 of the 24 contests across the past 8 contests held at the All-American Dairy Show (Harrisburg, PA), the North American International Livestock Exposition (Louisville, KY), and World Dairy Expo (Madison, WI).

Also, the University of Minnesota has placed 1st or 2nd overall in 23 of the 36 contests across the past 12 held at these 3 locations. No other university comes close to this incredible record of success. In 2022, the University of Minnesota was 1st overall in both the All American (Harrisburg, PA) and the NAILE (Louisville, KY) collegiate contests.

If you want a career in the dairy industry, consider the University of Minnesota.

In addition to participating in our highly successful dairy judging and dairy challenge programs, you can join the Gopher Dairy Club, whose student members gain experience and industry contacts through many activities such as an all-expense-paid 10-day senior trip to California in January. Both inside and outside the classroom, our dairy professors make teaching and working with students their top priority.

2022 Illinois Holstein Association Awards

DISTINGUISHED SERVICE AWARD

Steve and his wife, Ann Marie, have been life-long supporters of the Illinois Holstein Association and the Holstein breed. Steve has served multiple terms on the state board and executive committee. He also served as state vice-president in 2018 and 2019, then filled the role of IHA president during 2020 and 2021. He led the association through the uncertainty present in those years holding a state show when most other shows were cancelled. Breeders were very grateful for the chance to exhibit their animals and fellowship with other dairy farmers. Steve has also chaired the show, membership and publications committees for the Illinois Holstein Association.

Breeding great Holsteins has been a life-long goal and one that has yielded great success. Few breeders have bred icons known by only one name like Roxy, Frosty, Charity and Blexy but Steve certainly did that with Macy! Although the Irwin's sold her as a two-year old, Steve received much recognition as her breeder. Macy was a two-time class winner at the Royal and her owners, the Chalak's from Rocky Mountain Holsteins, give much praise to Steve for breeding such an exceptional cow. Irwindale's success breeding outstanding Holsteins goes much further than their legacy with Macy. After winning the 2 year-old futurity and topping the Illinois Golden Opportunity Sale, Irwindale Leduc Molly created her own legacy for Team Holsteins. Irwindale Holsteins has made a huge footprint in the Holstein breed for a herd of its size.

Steve's most significant legacy is his family. Ann Marie is the ultimate help-mate and together they raised three outstanding young adults. They have done everything as a family and are a true team. Todd, Sarah and Dawn grew up active in the Illinois Junior Holstein Association and won many awards exhibiting their animals. With the recent addition of Todd's wife, Chelsea, and their twins, CeCe and Logan, the Irwins continue to be a team at home, at the farm or at the show. Steve is an extremely proud grandpa and he finds time to love and tease the grandkids. Everyone knows Steve doesn't like any drama.

The Irwin family, starting with John and Maurice, has long been a fixture at Illinois Holstein events. Ann Marie and Steve have continued that tradition and rest assured future generations will be an integral part of the Holstein family. Congratulations Steve on the Illinois Holstein Association's 2022 Distinguished Service Award and thank you for your unselfish devotion to your fellow members.

SENIOR BREEDER AWARD

Passion and dedication are an easy description of how Dan Koester approaches dairy farming and Registered Holsteins. He has spent his career on the farm that his parents, LaVerne and Clarice, originally established in 1956 with 28 cows. Dan was always involved in helping care for the animals on the farm when he was young. He developed a greater interest in dairy as he became more involved in FFA in high school. He was on the FFA dairy judging teams and won high individual as a sophomore. After high school he attended Highland Community College and then continued on to the University of Wisconsin-Madison, graduating in 1977 with a degree in dairy science. While attending Madison, he was active in dairy judging and won high individual honors at Harrisburg. Dan returned to the home farm after graduating and joined into a partnership with his brother and parents. At the same time he also worked for 14 years as a GMS evaluator for ABS. They purchased their first registered Holstein in the early 70s, and Dan continued to build the herd to be 100% registered after returning from college.

In 1983, Dan married his wife Amber and they had five children, Lance, Kyle, Brent, Alissa, and Bria. Dan's love for farming has influenced his children. Today Lance, Kyle, Brent, Bria, and daughter-in-law Cynthia, join Dan and Amber to make up the workforce at Koester Dairy. In 2010, a new freestall barn and milking parlor was built to expand the herd which now consists of 420 cows and 400 replacement heifers. The current herd average is 37,467 milk, 1615 (4.3%) fat, and 1183 (3.15%) protein. The farm also includes 900 acres, growing corn, alfalfa, and soybeans.

Continuously trying to improve the farm has always been a focus, especially with the genetics of the herd. The herd is a 6 year recipient of Holstein Association's Herd of Excellence Award. In addition, the herd has also received Holstein Association's Progressive Genetics Award for 31 years and with a +2575 CTPI ranks as the #1 herd in Illinois. There have been numerous bulls sent to AI over the years and embryos exported internationally.

Congratulations to Dan on being named the 2022 Illinois Senior Breeder!

JUNIOR BREEDER AWARD

The farm began milking with just five cows the year he was born. The idea was to have a place for their four kids to learn a good work ethic, while living in a more suburban area. Through good breeding choices, their herd grew in quantity and quality with a focus on pedigrees. The kids took on the full responsibility of taking the animals to the shows, all while being active members of the Illinois Holstein Association.

This breeder continued his interest in the farm after pursuing a career in agricultural engineering. When he met his wife, who was also raised on a dairy farm, they shared a passion for dairy cows and their commitment to the farm. Together, with Albert and Mary Etta they upgraded the farm by installing two robotic milkers and built a new barn for continued growth. They embraced their location and began welcoming the public to visit by hosting an ice cream social in 2019 with over a 1,000 people attending. Now, hosting up to 2 tours a week, visitors include local school groups, scouts and community members. They also partner with Midwest Dairy and have hosted Chicago Bears David Montgomery, as well as several tours for the IHSA Athletes.

With the second generation taking off at full speed and a change of ownership, they are now growing their own herd. Their focus remains on using only red and red carrier bulls that are robot ready and high type. They have bred 3 Excellents, 24 very Goods all while owning 17 excellent and 24 Very Good Cows. They continue their long-time dedication to the Illinois Holstein Association by serving on many committees over the years, currently serving Secretary for IHA. These breeders have worked hard in order to continue the legacy of the farm so it can carry on to the third generation, with their two children, just 40 short years later. Congratulations Andy and Sarah Lenkaitis!

2022 Wisconsin Outstanding Holstein Girl & Boy Features

The Outstanding Holstein Boy and Girl awards are the highest honor that the Wisconsin Junior Holstein Association can bestow on members. The winners of these awards are chosen based on their Distinguished Junior Member applications and an interview. Our 2022 recipients were recognized at the Wisconsin Junior Holstein Convention at the beginning of January. Get to meet the winners, Lauren Siemers and Matthew Gunst.

Lauren Siemers

January 7, 2023 will forever be the host of one of my most special Holstein memories, being named the Wisconsin Outstanding Holstein Girl. I was honored in my home county, fifteen miles from my family's farm, surrounded by so many of the people that made this dream a reality.

My name is Lauren Siemers and I'm the 20-year-old daughter of Paul and Jenny Siemers

and sister to Josh and Jake. Together with my aunt, uncle, and cousins, we complete the fifth and sixth generations of Holstein involvement dating back to 1890. While the honor of Outstanding Girl is given to an individual, it's essential to give credit to my family and the numerous mentors and role models I've had that have shaped my path.

My story starts at Siemers Holsteins, my family's Registered Holstein and crop operation in Newton. We focus on "Genetics for Cow People," and though I've enjoyed time spent in the show ring, I also learned the value of functional, high-producing cows at a very young age. Throughout the years, I've been able to work with high genomic animals at our on-farm TransOva satellite center, help with caring for recipient heifers, and learn to prepare our cows and heifers for all levels of show. Now, as junior at the University of Wisconsin-Oshkosh studying marketing, I still love coming home during the summer and whenever possible to help around the farm and work with several area youth who lease calves to show. I've also spent the past 10 years breeding and developing my very own herd of Holsteins, using the same Siemers prefix that my entire family has used since the foundation of the farm.

I feel very fortunate to have been born and raised in an area that values and supports dairy farming. The multitude of farms in Northeast Wisconsin has lent itself to dozens of

competitive dairy kids with whom I've grown up forming teams and friendships. My earliest competitive involvement outside of the county fair began at age six when I started to attend my aunt Janina's dairy quiz bowl practices in the summer. Though I wasn't very competitive at first, three of my great friends and I formed a team in 2015, and this year we won the state contest for the fourth time. I can certainly appreciate the hundreds of hours my aunt and coach has spent preparing us for these contests, and I look forward to representing Wisconsin in the national dairy bowl contest one last time.

While my aunt coached dairy bowl, my dad and my lifelong mentor Angie Ulness prepared our county for dairy judging. While I'd love to say I was a natural, until I was 13, I was awful! Aging into the senior division and learning to prepare reasons was the turning point for my judging career, and it even became a personal strength of mine. Manitowoc County has an excellent judging program, and my team worked hard to win the National 4-H Dairy Judging contest at World Dairy Expo in 2021. I also became one of the only youths in Wisconsin ever to win the top individual award at the state level twice; in 2019 and 2021. Now, I have the privilege of serving as an assistant coach and helping prepare the younger kids for contests!

I was always particularly interested in quiz bowl and dairy judging, but my advisors and family pushed me to be well-rounded and compete in everything the Wisconsin Junior Holstein Association had to offer. Dairy jeopardy, prepared public speaking, and essay contests enriched my junior involvement and have paid off tenfold. My favorite form of involvement was serving as the 2019 Wisconsin Holstein Princess. Having the best seat in the house at World Dairy Expo and pinning the grand champion rosette on Barbara's halter was special, but what I enjoyed even more was traveling Wisconsin and connecting with hundreds of kids while promoting Holstein cattle.

Though I don't attend an agricultural college, I have no doubt in my mind that upon graduation, I will return to the agriculture industry. I love sales and marketing and hope to help farmers market their products with innovative strategies to drive consumption.

I am honored to be the 2022 Outstanding Holstein Girl and can never thank the people in my life enough for all they've done. My parents, brothers, aunt, uncle, and cousins, along with Angie Ulness, Jennifer Meyer, Amanda Smith, and Laura and Mara at WHA, have been incredible. I doubt I would be the woman I am today without them. I also want to thank all the kids that have impacted my life: my teammates, the Manitowoc/Calumet junior membership, and the countless friends I've made since my first convention twelve years ago.

My ultimate goal is to give back to the organizations that have shaped me so that younger members and future generations

can have the same, or even better, opportunities than I've had. If I could give advice to a young junior Holstein member, it would be to start early and try hard. Keep at it even when you feel defeated and take all the opportunities before you. The end of your junior involvement will come faster than you think, and you'll be so grateful for all you have done!

Matthew Gunst

"Winning isn't everything. It's the only thing." Throughout my Junior Holstein career, I often felt as if this was the mantra I was supposed to live by. Winning was the highest goal going into every competition and show, and oftentimes being the only outcome to make participation seem worthwhile. However, after reflecting on my experiences in the Wisconsin Junior Holstein

Association after being named the 2022 WI Outstanding Holstein Boy, I cannot help but feel this statement could not be more false.

I am Matthew Gunst, the 20-year-old son of Dennis and Nikki Gunst of Hartford, WI. My sister, Elizabeth, and I are the sixth generation to live on our family's farm and we currently own and operate Ladinodale Holsteins & Boarding where we raise and develop dairy show heifers. I am so incredibly thankful for my family and mentors for their tremendous amount of love and support throughout the years. There is no way I would have been able to achieve WI Outstanding Holstein Boy without such exceptional individuals by my side throughout my journey in the Junior Holstein Association.

My story began in 2010, when my parents pushed me to attend my first dairy judging practice. I completely lacked interest in judging or showing dairy cattle, but they insisted that I at least give it a try. Little did I know, that first practice would inevitably change the course of my childhood. At this practice, I met someone who would come to be one of my most influential mentors, Linda Behling. That first year of dairy judging proved to be difficult, but Linda's kindness and encouragement made me strive to participate again next year and do even better.

Following my first season of dairy judging, Linda also convinced me to participate in the dairy bowl and dairy jeopardy contests. I decided to give it a try, but was not sure if this would be something that I wanted to continue participating in. Over the next several months, I had the time of my life preparing for the contests every Sunday. My first convention may not have been extremely successful, but it dipped my toes in the water of the Wisconsin Junior Holstein Association and got me hooked.

My participation in the show ring and Wisconsin Junior Holstein Association activities skyrocketed after that first year, participating in the speaking contests, dairy jeopardy and dairy bowl contests, even representing Wisconsin at several National Junior Holstein Conventions along the way. Through these events, I was able to extensively improve my speaking abilities, dairy knowledge and social skills. As a young member, I always looked up to those who were older role models in the Junior Holstein Association, and I strived to be like them.

As I progressed in my involvement, I began to crave more in my experience. Naturally, the first year I was old enough I decided to run for the southeast Junior Activities Committee position. However, it was not until I was elected to serve as a JAC that my perspective of the Wisconsin Junior Holstein Association began to shift. Suddenly, the importance to participate and win in every contest faded away and instead shifted to a desire to network with peers and adults, create engaging events, and successfully plan and execute junior activities throughout the year to increase camaraderie and knowledge among junior members in the dairy industry.

Winning suddenly was not accomplished in competitions or the show ring. Through this position I learned hard work, determination, resilience and passion are key to getting the job done. My new goals were, and continue to be, to build new friendships and networks, provide the most opportunities to Wisconsin Holstein Association youth, and most importantly, be a role model and mentor younger WHA youth, just as I was lucky enough to have such amazing mentors.

I must thank all of my exceptional coaches along the way who have always pushed me to be the best I can possibly be and not afraid to dole out the "tough love" when needed. More importantly, I am beyond blessed to have those mentors who showed me that winning is not the most important thing, but rather the importance is the impact made along the way.

I am so grateful for all of the fantastic people I have met over my Junior Holstein career and the fantastic role models I had to look up to. Additionally, I am indebted to WHA for all of the amazing opportunities afforded to me. Without them, I would not have been able to be recognized as a 2022 Distinguished Junior Member Finalist for Holstein USA. Thank you to all of the Wisconsin Holstein staff for all that you do, and especially Laura for being such an amazing friend and mentor over the past several years. There are so many others that have been supporters and guided me along the way and I am so thankful.

Winning isn't everything. Always remember, success is not only found in the wins, but more importantly found in the friendships, mentors, and opportunities to teach and learn along the way. I am incredibly humbled and honored to be the 2023 Wisconsin Holstein Association's Outstanding Holstein Boy! I cannot wait to see what comes next and continue my involvement in WHA.

OSU Ferguson Family Dairy Center

Our Herd

The dairy herd at Oklahoma State celebrated its 100th anniversary in 2021. The registered dairy herd consists of 40 Holsteins and 45 Jerseys. The Jersey herd and first lactation Holsteins are milked through a DeLaval VMS 300 milk robot. The remaining Holstein herd are milked twice daily in a conventional milking parlor. This teaches students about two management systems.

Oklahoma State University emphasizes type and production in their herd while allowing students to participate in National shows, sales and judging competitions.

Our Students

The dairy provides hands-on experience and research opportunities for undergraduate and graduate students. Students receive access to facilities, technology, and training that prepares them for work in the dairy industry.

Helms Hall, student housing, provides student workers with modern, comfortable living at the dairy.

Our Technology

With generous donations from the Ferguson Family and others the dairy facility has positioned itself for the future with a state of the art freestall barn, DeLaval VMS 300 milk robot, manure separator and NEW agriculture innovation center.

Decades of Achievements Worth Celebrating!

As we transition from milking cows to a new lifestyle we want to celebrate the great people we have worked with and developed friendships with over the years. Thank you! We are thankful for the great cow families we have developed that will continue to live on with the Shir-Man Holstein prefix through Haely, Kayla and Lance.

Shir-Man

REGISTERED HOLSTEINS

We still have youngstock and will be looking to sell bred heifers this spring.

Bellady

EX 92 2E

A 10th generation EX from the Bella family. See her full sisters and daughters.

WHAT CAN YOU EXPECT ON JULY 29?

- Lots of exciting cow talk
- Stray voltage demonstration
- Judging contest
- Great food
- Prizes

OLMAR A2P2
Baby Dilly PC

We have fancy heifers like this to check out as well. Watch our website and facebook page for our spring sale consignments. Baby Dilly is from the Baby family. She has numbers AND style, the kind we like to make.

Fun question for today: What famous modern show cow hails from the same cow family as Baby Dilly? There is a prize for the 1st person to message us with the answer through our website: www.olmarfarms.com

We breed every cow to meet our demanding standards for high type and production.

2023 Wisconsin Dairy Showcase Entry Information

Announcing an All-Breeds Wisconsin Dairy Showcase for 2023!

We are excited to announce the addition of Brown Swiss, Ayrshire, Milking Shorthorn and Guernsey shows to this year's Wisconsin Dairy Showcase.

APRIL 25-29 - ALLIANT ENERGY CENTER, MADISON, WI

Show Schedule:

Tuesday, April 25 – 6 a.m.	Barns open for bed down and set-up only
Wednesday, April 26 – 6 a.m.	Barns open for cattle move-in
Thursday, April 27 – 10 a.m.-3 p.m.	Check-in for all breeds
Friday, April 28 – 8:00 a.m.	Midwest National Spring Red & White Show (cows first), Judge: Ryan Weigel
	Midwest Brown Swiss Spring Show, Judge: Phil Topp
12:30 p.m.	Midwest Spring Jersey Show, Judge: Ryan Weigel
	Midwest Ayrshire Spring Show, Judge: Phil Topp
5:30 p.m.	Midwest Milking Shorthorn Spring Show, Judge: Madison Fisher
	Midwest Guernsey Spring Show, Judge: Madison Fisher
Saturday, April 29 – 8:30 a.m.	Midwest National Spring Holstein Show, Judge: Molly Sloan

Entry Fee Schedule

\$30/entry if made online or postmarked on or before 4/1
\$50/entry if made online or postmarked 4/2 to 4/8
\$100/entry if made online or postmarked after 4/8 (may not be listed in the show book)

**FOR COMPLETE SHOW RULES AND
PRINTABLE ENTRY FORM, VISIT THE WHA
WEBSITE AT [WWW.WISHOLSTEINS.COM/
DAIRY-SHOW-SERIES](http://WWW.WISHOLSTEINS.COM/DAIRY-SHOW-SERIES)**

Online entry system will be available after March 1 -
www.wisholsteins.com/dairy-show-series.

Mail entries to: WI Holstein Association,
902 8th Avenue, Baraboo, WI 53913

All entries must be accompanied by full entry fees to be
considered an entry - late fees will apply to those entries
without proper entry fees.

Visit the WHA website and Facebook pages for additional show & exhibitor information.

Pulsed Electromagnetic Fields
(PEMF)

ADVANTAGE LIVESTOCK

ad-van-tage
/əd'van(t)ij/
noun
a condition or circumstance
that puts one in a favorable
or superior position.

PEMF IS A NON-INVASIVE AND SAFE THERAPY FOR ANIMALS AND HUMANS.

PEMF IS VERY EFFECTIVE BECAUSE IT:

- PENETRATES DEEP INTO ALL TYPES OF TISSUES, INCLUDING BONE, CARTILAGE, TENDONS AND LIGAMENTS
- INCREASES METABOLIZATION OF SUPPLEMENTS AND MEDICATIONS
- INCREASES CIRCULATION AND DETOXIFICATION OF CELLS
- CONTRIBUTES TO OVERALL HEALTH AND CAN RELIEVE MANY ACUTE AND CHRONIC CONDITIONS, INFLAMMATION AND PAIN

Congratulations

TO OUR MINNESOTA DJM!

The Minnesota Holstein Association would like to wish our 2023 DJM Jacob Schaefer the best of luck as he advances onto the national level. Schaefer has been heavily involved in our junior association by serving on the board, planning events and exhibiting at shows over the years!

SPENCER HACKETT TO RE-RUN FOR HOLSTEIN USA BOARD

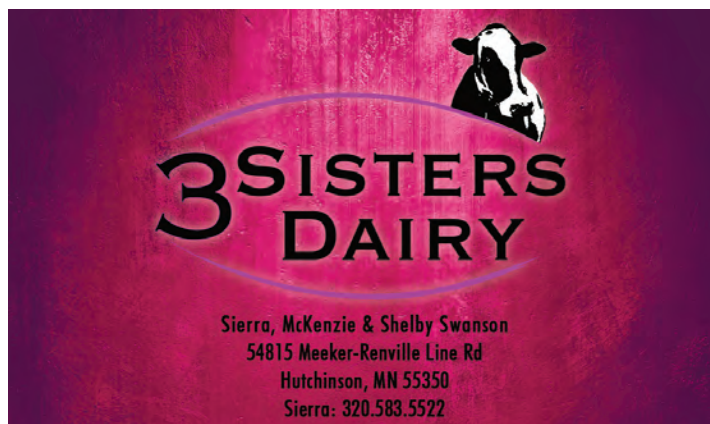

The Minnesota Holstein Association proudly endorses Spencer Hackett of Minnesota, to re-run for the Holstein Association USA Board of Directors. Spencer has played an integral role in the success of the Minnesota Holstein Association and Holstein Association USA. He hopes to use his knowledge and experience to continue to best serve registered Holstein members throughout the nation. The Minnesota Holstein Association encourages delegates to elect Spencer Hackett onto the board for another term during the National Holstein Convention held in Lexington, Kentucky, this coming June.

A Fun Day with *Great Scores*

Classification was an exciting and surprising day for us at Starward Farm! We had 51 animals looked at, and not one under the score of 80. We ended the day with 16 G+, 25 VG, and 10 Excellent animals. We are excited to work with and watch these families grow and develop. If you need a new 4-H project, don't hesitate to contact us!

Hobby-Hill Holsteins is a small but mighty herd. We are the home of 16 EX and 6 VG cows because of 14 years of homebreeding. 2022 was another incredibly successful year for us in the barn and in the showing. We keep chasing new goals year after year. Thank you to everyone who helped make 2022 a highlight to never forget!

U®

College of the Ozarks

At College of the Ozarks, we call ourselves *Hard Work U*. That's because our work program sets us apart from nearly every other college in the country. Our Work Education Program lets us provide a distinctive education that will help you achieve your life goals and objectives. As a full-time student, you work 15 hours each week at your assigned campus workstation. The Work Education Program will involve you in one of over 100 work areas. You'll find that your on-the-job experience gives you a significant competitive edge when you begin your career after college. There are many benefits to a work college: You'll be starting your career with work experience, well-educated, and debt free!

One of our 100 different workstations is the dairy. At the dairy, you will enjoy working with our 140 head of Ayrshire, Holstein, and Jersey cows. During your time, you will gain experiences in pasture management, nutrition, reproduction, cattle health, leadership, and milk processing. We currently are bottling 40 percent of our milk for use on our campus. Coming soon we will be opening a cheese plant to utilize the remainder of the milk.

2023 BREEDERS SEMINARS

FEATURING GUEST SPEAKER JORDAN SIEMERS OF NEWTON, WISCONSIN

Jordan Siemers of Newton, Wisconsin, traveled to the Midwest to speak at six Breeders Seminars in Minnesota and South Dakota from January 31-February 3, 2023.

Jordan Siemers has had a lifetime of experience in the dairy industry, having grown up on his family's dairy in Newton, Wisconsin. Siemers Holsteins is synonymous with elite, homebred genetics. Siemers has had great success in the showing and has earned multiple Junior All-American and All-American honors. Siemers has been the genomic and genetic manager for the herd since 2009 and has been instrumental in developing elite bulls.

Siemers is passionate about all aspects of the Holstein business and understands that it's not a one size fits all business. Upon his graduation from Cornell University, Siemers joined the Select Sires team, and now serves as a Holstein Sire Analyst. His territory consists of 26 states in the U.S. and the Eastern half of Canada. Siemers resides in Newton, Wisconsin.

During the Breeders Seminars, Jordan spoke about his experiences on their fifth and sixth generation dairy farm. The theme of Jordan's presentation was that not one size fits all and "we can learn from where we've been." He elaborated on the fact that Siemers Holsteins was once diving into crossbred genetics, but soon turned their farm into the successful registered Holstein farm it is today. Jordan spoke on their breeding philosophy, goals for the future and challenges they are facing with expansion due to heavy regulations. He shared mistakes or hardships their farm underwent and what they learned and grew from these challenges. At Siemer's Holsteins they have a rich passion for the show world and have found success in many show facets.

The Minnesota Holstein Association would like to thank Jordan Siemers for taking the time to travel to Minnesota and speak to our membership. We sincerely appreciate his willingness to share his wealth of dairy industry experience and knowledge with our attendees.

A recording of Jordan's presentation will be available on our website for those who were not available to attend one of the seminars!

Breeders Seminar Candida

From the MJHA President

Taylor Fester
MJHA President

Hello Junior & Adult Membership,

There are a ton of events on our radar to make this upcoming year special for all juniors. To start, we are all ready to go for the 2023 Junior All-Breeds Convention held in Rochester, MN. We are excited to restructure some aspects of convention to make it enjoyable for all. This includes feed workshops, embryo workshops and farm succession planning. The junior board is ready to host a multitude of juniors from across the state, and we can't wait to find out who is a

part of the next junior board.

State Show is also a big topic of conversation this year with it being hosted in Hutchinson, MN. The junior board will continue to work hard on making the show memorable for all. Our selected judge for the junior show will be Kaleb Kruse.

Thank you all for letting me serve as board President throughout the past year, I really enjoyed my time on the board.

Junior Contacts:

Taylor Fester, MJHA President: 320-295-1014 | 21taylorfester@gmail.com
Advisors: Eric Sonnek, Luke Olson and Kris Gruenes

DIRECTOR: Tyler Ratka

Congratulations to our DJM!
JACOB SCHAEFER

The junior board is excited to help out a few lucky farmers who bought services including barn clipping and logo design from an auction hosted at the Adult All-Breeds Convention as a fundraiser for the juniors

STATE SHOW

The MJHA is once again excited to host an array of activities for juniors at state show and continue to host their annual foodstand! Stay tuned for registration details. We hope to have a record breaking show this year.

Are you interested in sponsoring Junior awards at this year's state show? If so, please contact Alexis Hoefs at 507-276-6810. The juniors appreciate all sponsors throughout the year. Without the help of you, we would not be able to host such memorable and fun events for our members.

2023 MINNESOTA PDCA DISTINGUISHED BREEDER

Arnie and Kris Gruenes Family

Twin Spruce Farms is family-owned and operated by Arnie and Kris Gruenes. The Gruenes' have seven children and seven grandchildren. Three of their children work on the farm daily and two of their sons help when they can. The home farm is located in Richmond, Minnesota, where they milk 1,620 Holstein cows. The second farm, known as Twin Spruce Farm North, is located in Perham, Minnesota, and is home to around 1,380 cows.

Twin Spruce Farms has a heifer raising facility called Timber Hill Growers in Sauk Centre, Minnesota. Additionally, they have five other custom grower sites for their heifers and dry cows. The Gruenes family recently purchased a site two miles from the Richmond dairy and are working on building a calf facility. This location will handle all newborn calves that are currently at a custom calf raiser. The farm grows and harvests all of their own corn and alfalfa, totaling around 3,800 acres of corn and 1,100 acres of alfalfa, and purchases additional commodities.

In addition to the dairies, Arnie and Kris also own and operate Triple A Pumping, a custom manure application business. Two of their sons together oversee the daily operations of the pumping business, and this entity has made footprints in not only Minnesota, but several other states. Another unique aspect of Twin Spruce Farms is that they have an IVF satellite center for Boviteq at their home farm.

The Gruenes Family can be described as the epitome of "teamwork makes the dream work." It is truly a family-run operation that values the time they spend together on the farm, as well as their employees that are treated like family. Arnie Sr. oversees all the operations within the family's entities. He also serves as manager of all building projects the family has done throughout the years. Arnie Sr. has an assistant who oversees the herd's genetic programs. Kris is the Business Manager and handles the bookwork for both Twin Spruce Farms and Triple A Pumping and is in charge of HR for their businesses. Arnie Jr. can be found leading one of the pumping crews and helping out wherever is needed. He enjoys maintaining equipment, repairs and working with the cattle. One of his favorite things to do on the farm is run the chopper. Andy, the youngest son, also works on a Triple A Pumping crew, and enjoys trucking cattle, harvesting feed and trucking hay and straw in the off season. Ashley is the Assistant Business Manager but can often be found lending a helping hand with fresh cows and herd checks and working with the show cattle. Additionally, the Gruenes children can be found showing dairy cattle at many shows throughout the Midwest.

They are proud to have many employees that they value as family members. Altogether, 70 employees help the farm run smoothly and contribute to the success of Twin Spruce Farms and Triple A Pumping.

Arnie has been growing and marketing Twin Spruce Farm's genetics for the past 11 years. Consequentially, they have seen a notable impact on their registered Holstein genetics and contributed to progress on a worldwide scale. The T-Spruce prefix has built quite a reputation within the bull and semen markets. Arnie, Kris, and family have over 50 bulls in the stud services with Select Sires, who is now the main receiver of the farm's elite studs. Alta Genetics, Semex and ST Genetics also receive some of the Gruenes' top bulls.

Notable Bulls from Twin Spruce Farms:

- 7HO12724 T-SPRUCE SUPRSHT WIGGINS-ET was the very first T-Spruce bull entered into the studs in 2015.
- 7HO14454 MR. T-SPRUCE FRAZZ LIONEL 13196-ET, a Lionel x Samuri x Altaspring, is the #2 proven bull to-date in studs with +3565 Milk and CFP 254.
- 7HO15821 T-Spruce G Frost Bite recognizes 1242 NM and +DPR.
- 7H0016468 T-SPRUCE PHOENIX 2176- ET is one to watch for in 2023.

In 2022, their cow Hillrose Denver Piper took 2nd place in the milking yearling class and best udder in the Midwest Fall National Show. She then went on to receive 14th place at the World Dairy Expo. Twin Spruce Farms is also home to many Gold Medal Dams, Dam of Merits, National Star Performers and Regional Elite Performers.

Arnie has had the privilege of keynote speaking in Hungary twice about their genetic advancements and crops. Additionally, their herd is often recognized for their outstanding rolling herd average. In 2022, they held their first sale, the "Future Opportunity Sale", which highlighted T-Spruce's stellar genetics. Through this they were able to sell IVF sessions, embryos and live animals throughout the U.S. and countries abroad.

The Gruenes' have been valued members of the Minnesota Holstein Association, MJHA, and Red & White Holstein Associations for several years. Kris currently serves on the Minnesota Holstein Board as the Vice President and has been a Junior Advisor for the past eight years. Arnie and Kris both serve on the Meeker County Fair Board, they enjoyed hosting breakfast on the farm in Perham, and are very active with their church where they help with dinners, raffles, and chair the annual fish fry. Arnie Jr., Ashley and Andy have been members of the MJHA attending numerous All-Breeds Conventions, exhibiting at State Shows and volunteering during other events. In 2021, Twin Spruce Farms was the Minnesota State Fair Showcase Herd, where they showcased a large group of their Red & White cows during all 12 days of the Great Minnesota Get-Together.

MINNESOTA HOLSTEIN SPRING SALE

RETURNS WITH ANOTHER GREAT LINEUP OF CONSIGNMENTS

The Minnesota Holstein Association is proud to host another sale this spring. The sale committee and board of directors look forward to offering the membership the opportunity to market their elite cattle and genetics once again. The sale will be held on April 22, 2023, via CowBuyer. Breeders are welcome to contact the sale committee to offer up potential lots. Consignments are welcomed through March 24, 2023. Lots will be advertised via Facebook, the Minnesota Holstein Association website: mnholstein.com, email blasts and on CowBuyer. Bid last on April 22, 2023! Please note during this sale buyers will pay consignors prior to picking up animals. Check out the sale advertisement in the Midwest Holstein News to view early consignments on the sale.

CONSIGNMENT DEADLINE: March 24, 2023

THE DAN AND SEENA *Glessing Farm.*

Meet the Family!

Dan & Seena have been married for 19 years, and have three children; Wyatt (17), Mason (15), Tanner (13) and Cora (9). They reside in Waverly, Minnesota which is located in Wright County. On their farm they currently milk 80 Holsteins, raise all their heifers and bull calves to finished steers, grow corn, soybeans, alfalfa and oats which has the capacity to feed their entire herd. Their farm is in partnership with Allen and Sharen Glessing (Dan's parents). Seena grew up on a dairy farm near Springfield, Minnesota, is a graduate from South Dakota State University and is an agriculture instructor at Howard Lake-Waverly-Winsted High School. She is currently in her 23rd year of teaching and a fun fact about Seena is that she was the 1999 Region 9 Dairy Princess and a Princess Kay of the Milky Way Finalist! Dan graduated from Howard Lake-Waverly-Winsted High School and attended Ridgewater College in Willmar, MN. He currently serves as the MN Farm Bureau President.

Community Involvement

The Glessing Family has been valued community members and volunteers where they can, especially if it's centered around agriculture. Previously they have been named the Wright County Farm Family of the Year. The Glessings have been appointed by the governor to sit on the Dairy Authority Committee and testified at the State Senate Agriculture Committee. Some of the other committees they sit on are the Wright-Carver Breakfast on the Farm and the MN Youth Region 7 Dairy Show. The Glessings enjoy volunteering with local 4-H and FFA groups. They are both Wright County 4-H volunteers, Wright County dairy hudding coaches, MN State Fair 4-H chaperones, and HLWW FFA alumni members. Further, Dan and Seena previously have been the Chair of the Wright County DHIA and Wright County American Dairy Association board members.

History of Registered Integration

Allen (Dan's father) dairy farmed with his father Maurice Glessing. Allen did an array of clipping for dairy farmers throughout the state. In 1993 Dan Glessing purchased his first registered Holstein on the MN Fall Holstein Sale and continued to purchase more over the years. When the Glessing children began showing in 4-H, their interest grew in purchasing registered animals. Their farm began classifying in 2021. Currently, they have two cows that have classified EX-92 in the herd. Today, roughly $\frac{1}{3}$ of the herd is registered. The Glessings find merit in the appraisal of their registered cows to help steer what traits they need to be looking at bull selection for their whole herd.

Truths about their Life!

Farming can be tough. Some days are better than others. We are very fortunate the children are of the age to operate the daily functions of the farm if necessary. They are very willing and extremely able to do the day to day operations on our farm. Realizing that sometimes you just aren't going to get it all done and that's okay is just fine! The kids have a friendly competitive nature between themselves in the ring and seeing how their animals do on appraisal day or milk test date. We see them continuing to improve their genetics as we continue to grow the herd into what it needs to be to continue in the dairy business. One of a parent's biggest accomplishments is seeing our kids do drastically better than we did when we were showing at their age. By looking at both health and type traits, our improvement in bull selection is finally starting to show some dividends.

It is evident that the Glessing Family has made a profound impact on Minnesota's dairy community through work within their communities and through their jobs. It will be exciting to see where the Holstein association takes the family in their future endeavours!

MINNESOTA & SOUTH DAKOTA HERDS

MAKE HIGH-RANKING HOLSTEIN BREED AVERAGE (BAA%) LISTS

Earlier this year, Holstein Association USA released the lists of the top Holstein Breed Age Average (BAA%) herds for 2022 classifications. A number of herds from Minnesota and South Dakota ranked in the list of Overall Top 200 BAA Herds for 2022.

The top herd from Region 6 was Ryan Griffin of Minnesota. Griffin recorded a BAA of 114.7 with twelve cows. Several herds from Minnesota and South Dakota made the top 200 list and respective lists for herd size. Minnesota Holstein Association would like to congratulate all of these herds for this achievement.

To see the lists with all states included and a complete ranking by region, visit: https://www.holsteinusa.com/programs_services/baa_lists_2022.html

The Holstein Breed Average (BAA%) value provides a way to compare the score of an animal (and herd average) to the average of the breed, taking into account the age of the animal and stage of lactation. All animals receive an individual BAA value on your herd classification report, and herds participating in the Classic or Standard options of the Holstein Classification program receive an overall BAA for the herd.

MINNESOTA + SOUTH DAKOTA'S 2022 TOP BAA HERDS				
RANK	HERD NAME	STATE	BAA	# OF COWS
9	RYAN D. GRIFFIN	MN	114.7	12

Spencer Hackett TO RUN FOR HOLSTEIN USA BOARD OF DIRECTORS

Spencer Hackett of Rice, Minnesota, will be vying for another term on the Holstein USA Board of Directors. He will be representing his home state of Minnesota and Region 6 during his candidacy. The Minnesota Holstein Association wishes him the best of luck and fully endorses Spencer for this position. As an incumbent of the board, Spencer hopes to use his knowledge and experience to continue to best serve registered Holstein members throughout the nation. Through his past term, Spencer was elected as the chairman of the Holstein USA Genetic Advancement Committee and also sits on the CAC Committee.

Region 6 encompasses Minnesota, Iowa, Nebraska, North Dakota and South Dakota. Elections will take place at the National Holstein Convention held in Lexington, Kentucky, this year. Spencer would appreciate your support to serve another term and give back to the association that has given Spencer and his family so much.

It is evident that this Minnesota dairy farmer with a strong passion for registered Holstein and a desire to advance the registered Holstein cow will be sure to make a huge impact on the big stage.

OBITUARY: GARY L. KURTH

Gary Louis Kurth was born on January 26, 1947, in Hutchinson, Minnesota. He was the son of Louis and Mabel (Lohrenz) Kurth. Gary was baptized as an infant on February 23, 1947, at St. John's Lutheran Church in Cedar Mills, Minnesota, and was later confirmed in his faith as a youth on May 28, 1961, at Trinity Lutheran Church in Brookfield Township, Hector, Minnesota. He received his

education in Buffalo Lake, and was a graduate of the Buffalo Lake High School Class of 1965. Gary entered active military service in the United States Army on May 17, 1966, and served his country during Vietnam. He received an Honorable Discharge on May 16, 1968, and achieved the rank of Private.

On December 15, 1973, Gary was united in marriage to Karen Nagel at Peace Lutheran Church in Cosmos, Minnesota. This marriage was blessed with three children, Carrie, Kellie, and William. They shared 48 years of marriage. Gary farmed all his life in Cosmos. He also did some custom work for neighbors. After selling the cattle in 2000, Gary worked for 3M for two years, Seneca Foods for two years, and other various jobs. In 2007, Gary and Karen moved off of the farm in Hutchinson, Minnesota and their son, Bill took over the

family farm. Gary was a long-time member of Trinity Lutheran Church. He was a Deacon and also served on the cemetery board. Gary was also a member of the Cosmos American Legion Post 126 and the DAV.

Gary enjoyed driving around the country side to look at the crops to see how they were growing. In the winter months, he enjoyed putting puzzles together at the senior center. He especially enjoyed spending time with his family, grandchildren and friends.

Gary passed away on Monday, December 5, 2022 at Olivia Hospital in Olivia, Minnesota, at the age of 75 years. Blessed be his memory.

Gary is survived by his: Wife, Karen Kurth of Hutchinson, MN; Children, Carrie Kurth of Hutchinson, MN, Kellie Strand of Rosemount, MN, William "Bill" Kurth and his wife, Leah of Cosmos, MN; Grandchildren, Larkun, Livia, Briecyn, Taelyn Kurth; Sister, Val Elder of Hutchinson, MN; Many other relatives and friends.

Gary is preceded in death by his Parents, Louis and Mabel Kurth; Mother and Father-in-law, Marcella and Wilfred Nagel; Son-in-law, Pete Strand III; Brothers-in-law, David Elder and Richard Hoff; Sister-in-law, Diane Nagel; many aunts, uncles, cousins, and other relatives.

OBITUARY: ROBERT "BOB" A. HAPPKKE

Robert "Bob" Happke, 85 year old resident of Pierz, MN passed away Sunday December, 11, 2022 in Pierz, MN. A Mass of Christian Burial will take place at 11:30 a.m. on Saturday, December 17, 2022 at St. John Nepomuk Catholic Church in Lastrup, MN with Father David Maciej officiating and Father Kenneth Popp con-celebrating. Burial will take place in St. John Nepomuk Catholic Church in Lastrup, MN.

Office of the Dead prayer service will be held at 9:15 a.m. on Saturday, prior to the visitation at the church. Caring for Bob and his family is the Shelley Funeral Chapel in Pierz, MN.

Bob was born on July 1, 1937 in Morrison County, the son of George and Alvina Happke. He graduated from Pierz Memorial Highschool in 1955. After high school, he stayed home and helped his dad on the farm north of Pierz. Bob met his wife Shirley while playing drums in a polka band. They dated five and a half years and were married in 1962. Bob and Shirley bought the farm from his dad and farmed together with their ten children until they retired in 2001 and moved in Pierz. Bob continued to farm well into his retirement years. In addition to farming and raising ten children, Bob was a board member of St. John's School in Lastrup, Morrison County DHIA, the Morrison County Fair, and the Banner Bus Corporation. He was a member and a Grand Knight in the

Knights of Columbus and a trustee of St. John's' Nepomuk Parish in Lastrup, MN. Bob loved farming, playing and watching baseball and basketball, dancing, playing drums in polka bands (the Jolly Fisherman, the Country Polkateers, and Country Pride), speaking German and talking on the phone. He will always be remembered for his wisdom, quick wit and great sense of humor.

Bob is survived by children Kevin Happke of Pierz, MN, Kelly (Daniel) Gangl of Pierz, MN, Karen (Scott) Schreiber of Big Sky, MT, Kay (Robert) Mongeau of Whistler, Canada, Keith (Doreen) Happke of Pierz, MN, Kari (Bruce) Happke of Brainerd, MN, Kent (Stacy) Happke of Pierz, MN, Kyle (Kori) Happke of Pierz, MN, and Kayla Gerads of Dallas, TX; son-in-law, Tony Scheel of Rice, MN; siblings, Al Happke of Mahtomedi, MN, Sylvia Kruschek of Little Falls, MN, Renee (Larry) Litke of Harding, MN, David (Jean) Happke of Little Falls, MN, Marie (Marn) Flicker of Grand Rapids, MN and Bea (Collin) Gau of St. Cloud, MN; 22 grandchildren and 2 great-grandchildren.

He was preceded in death by parents, George, Alvina and Florence Happke; wife, Shirley Happke; daughter, Karla Scheel and sister, Barb Bohrer.

OBITUARY: STEVEN HEUER

Steven E. Heuer, age 62 of Litchfield, MN died on December 27, 2022 in New London, WI. A Celebration of Life will be held at 12 Noon on Friday January 6, 2023 at St. Matthew's United Church of Christ in Forest City, MN. A visitation will be held two hours prior to the service at church. The service will be livestreamed at www.johnsonhagglund.com

Steven Earl Heuer, the son of Ferdinand Henry Roland Heuer Jr. and Carol Malinda Hoernemann was born on February 15, 1960 in Glencoe, MN. He was baptized March 1960 and confirmed May '974, at Frieden's United Church of Christ in Plato, MN. He graduated from the Norwood High School in 1978 and was united in marriage to Debra Lois Warren on July 2, 1988. Throughout his life he lived in Plato, MN, Ontario, Canada, Forest City, Columbus, WI and Litchfield, MN He was a dairy farmer with his wife Deb, from 1992-1995 he was a bartender at Peter's on Lake Ripley, and was also an over-the-road truck driver for Litchfield Shipping. He was a member of St. Matthew's United Church of Christ, the Meeker County Holstein Association. Steven enjoyed watching tractor pulls, preparing and showing Dairy Cattle at the Meeker County

Fair, the MN State Holstein Shows, the MN State Fair, the World Dairy Expo in Madison, WI and the Royal Agriculture Winter Fair in Toronto, Canada.

He is survived by his wife Debra of Litchfield, MN; children Danielle of Litchfield, MN and Patrick of Litchfield, MN; father and mother-in-law Richard and Lois Warren of Forest City, MN; sisters and brothers-in-law Susan and John Mackenthum of Norwood/Young American, MN and Charlene and Rich Wickenhauser of Waconia, MN; brothers and sisters-in-law John and Carol Warren of Forest City, MN and Cindy Warren of Forest City, MN, Darla and Bruce Geislinger of Watkins, MN, and Dawn and Tom Jansen of Mannanah, MN; Aunt Myra Heuer of Lester Prairie, MN, and many cousins, nieces and nephews.

He was preceded in death by his parents Ferdinand and Carol Heuer; grandparents Ferdinand A. and Amelia Heuer and Earl and Elda Hoernemann.

All exhibitors should adhere to these official rules, failure to do so will result in consequences or disqualification.

DETAILS & INFORMATION

Holstein Show Judge

Chad Ryan, Wisconsin

Chad Ryan resides in Fond du Lac, Wis. with his wife, Amy, and sons, Dylan, and Cameron. There he assists with the day-to-day operations of Ryan-Vu Holsteins, which is now home to a select group of Holsteins and color breed heifers. Ryan and his family have bred or developed 60 All-American, Junior All-American and All-Canadian nominees in multiple breeds, six of which went on to be named All-American. They have also been awarded the Premier Breeder banner twice at the Wisconsin Championship Show. Along with being active on the farm, Ryan is a former member of the Wisconsin Holstein Association Board of Directors and currently serves on the WDE Dairy Cattle Exhibitor Committee and the World Dairy Expo Board of Directors. He also travels the country working with elite show cattle and genetic offerings at sales and shows. Ryan's judging resume includes the International Holstein, Red and White, Junior Holstein, Jersey and Ayrshire Shows at World Dairy Expo, the 2022 TD Canadian 4-H Dairy Classic Conformation Show, the Northeast Spring National Holstein Show, the Western National Holstein and Red & White Shows, various Midwest national shows and the All-American Jersey and Junior Red & White Shows.

Junior Holstein Show Judge

Kaleb Kruse, Wisconsin

Kaleb Kruse is part owner of KCCCK Genetics with his two younger brothers, Cole and Carter. They raise and show all seven dairy breeds at the local, state, and national levels. Kaleb attended Kaskaskia College where he received multiple Associates and Applied Science degrees before transferring to the University of Minnesota where he graduated with a bachelor's degree in Animal Science in 2020. Kaleb was active in dairy judging at the collegiate level while attending Kaskaskia College and the University of Minnesota.

Kaleb has judged several local, state and national shows. He served as the associate judge at the National Ayrshire Show in 2020. Additionally, he judged the National Ayrshire Junior Show in 2021, the Midwest National Ayrshire Show in 2022, the Midwest Regional Milking Shorthorn Show in 2022, and the National Junior Guernsey Show in 2022. Kaleb was the 2019 Merle Howard award recipient at World Dairy Expo. He currently serves on the World Dairy Expo Junior Holstein Committee and is active on the National Ayrshire Marketing Board. Kaleb works for Cowbuyer.com as a Sales Team Member and Innovative Ag Service as an Agronomy Sales Advisor.

Red and White Show Judge

Roger Turner, Wisconsin

Since 2012 and re-locating to Wisconsin, USA Roger Turner has been the Global Sales and Genetic Manager for Jetstream Genetics Inc. Previously he was employed by Alta Genetics Inc. as a Regional Sire Analyst and also an International Sales Manager for just over 18 years. Roger was raised at Railhaven Holsteins, a registered Holstein farm in Ontario, Canada. Turner was a self-employed, professional dairy cattle fitter for 12 years before joining the AI industry. This work took him across North America and to many foreign countries where he prepared, showed and owned numerous All-Canadians, All-Americans and grand champions.

Roger's judging career has included assignments to more than 22 countries, and over 20 US states and numerous Canadian provinces. Roger has judged at The Royal Winter Fair in Canada, Swiss Expo in Lausanne, Switzerland, European Holstein Show in Verona, Italy, International Dairy Week in Australia, UK Dairy Expo Carisle, England as well as four occasions at World Dairy Expo, Madison, WI. Additionally, he has served as a member of both the All-American & All-Canadian selection committees for various breeds and has officiated at numerous US National Shows. Roger in the past has held positions on the Holstein Canada Type & Classification Advisory Board and Past President of the Canadian Livestock Genetics Association. Roger was recently awarded a 20 year service award from NAAB for outstanding service and commitment to the improvement of the livestock industry.

A proud supporter of youth programs, Roger is also a volunteer at the USA Inter-collegiate Judging Competition at WDE as well as a Canadian Classic volunteer at the Royal Winter Fair in Toronto. Roger finds his spare time to be occupied as a First Responder & Fire Fighter with the Sun Prairie Fire Department. Roger lives in Sun Prairie, WI.
